COLECOVISION® AND THE ADAM™ FAMILY COMPUTER SYSTEM ...

ColecoVision® Video Game System

ColecoVision®'s high resolution graphics and arcade-quality game play are legendary. ColecoVision®'s hand controllers maximize "realism" and intensity video-game action. An eight-direction joystick allows fast moves, while the 12-button keypad allows you to select a variety of game options. ColecoVision® is recognized as the world's premier system for electronic family fun. And it's economically priced for you and every other member of today's "home computer" generation!

#2400

ADAM™ The ColecoVision® Family Computer System

ADAM™ was designed with the user in mind. Engineered to help families handle tasks that other home computers make too costly or complicated. ADAM™'s complete package includes everything you need to get started! That includes an 80K Memory Console, a professional keyboard, a built-in word processing program and a Smart-Writer™ letter-quality daisy wheel printer. You'll also find a BASIC program, electronic typewriter capabilities, multifunction controllers, a built-in high speed digital data drive, and a built-in ColecoVision® game system.

COLECO

COLECOVISION®/ADAM™ PERIPHERALS & ACCESSORIES

ADAM™ 5¼" DISK DRIVE

Now ADAM™ gives you a choice! Here's the 5¼" Disk Drive alternative to digital data pack storage! The Disk Drive retrieves your information quickly and easily and enables ADAM™ to transfer 24,000 bits per second! The ADAM™ Disk Drive uses 5¼" single-sided, double-density flexible disks which contain 1,600 bytes of total storage space. You can even connect up to two drives at once and add even more storage area for those complicated programs! Faster loading of programs means less waiting time and the ADAM™ Disk Drive comes complete with software which enables you to duplicate your own programs on either a second disk or directly onto an ADAM™ digital data pack.

#7817

ADAMLink™ DIRECT CONNECT MODEM

Here's a full duplex, 300-baud, autodial modem that connects directly to the phone line without additional interfaces or clumsy receiver cups. The ADAMLink™ Telecommunicator software package is included absolutely free and provides lots of advanced features. Automatic dialing from the keyboard! Wedgwrap! Print what is on your screen. The ability to talk to other ADAM™ owners! But that's not all! There's electronic mail and banking.

and direct access to well-known information services such as:

CompuServe®—a service which provides information on a large variety of subjects. There's financial, current events, entertainment, and more! It's like a new form of television!

THE SOURCE™—a general information service providing late breaking news in a wide variety of fields including finance, entertainment and more!

Dow Jones News/Retrieval®—geared to those with a strong interest in financial news.

ADAM™ On-Line— a special CompuServe® feature allowing ADAM™ owners to communicate with each other and obtain the latest helpful tips about ADAM™ directly from Coleco.

BONUS! A CompuServe® demonstration package is included which allows two free hours of use for new subscribers.

CompuServe is a registered trademark of CompuServe, Incorporated, an 888 Block Company. THE SOURCE is a service mark of Source Telecomputing Corp. Dow Jones News/Retrieval® is a registered trademark of Dow Jones & Company, Inc.

ADAM™ SECOND DIGITAL DATA DRIVE

New convenience! New possibilities! The Second Digital Data Drive doubles ADAM™ on-line storage capacity allowing up to 500K bytes of data or program information to be stored on two digital data packs. Now you won't have to stop and change digital data packs in order to access, copy, or transfer stored information on two separate digital data packs! A real time-saver!

#2409

ADAM™ 64K MEMORY EXPANDER

Increase ADAM™ Random Access Memory (RAM) by 64K bytes for a total of 144K with this Memory Expander! It increases the workspace capacity of SmartWRITER™ Word Processor by 64,000 characters... approximately 32 pages of double-spaced text! Once it's in place, you'll have the space to run longer, more complex programs! It's great with CP/M® software to provide ultra-fast data storage and retrieval with compatible programs. And when used with ADAMCalc™, the 64K Memory Expander provides the advanced "print spooling" feature of more costly computers which lets you work on your spreadsheet even as you print!
