

SOUTHWICK'S RANSACKED!!

Blarney—(API)—A robbery is now in progress at Southwick's Emporium. The heist was reported just hours ago when a Southwick employee found the safe open and ransacked. Gold bags and suitcases filled with currency are

said to be missing. The number one suspect is Harry Hooligan, a recent escapee from Sing Sing. He is believed to be still at large in the store. Officer Keystone Kelly is already on the scene, but on the tail of this alleged culprit.

JAILBREAK AT SING SING!! Harry Hooligan Missing!

New York, February 13—(UPI)—State officials have reported the escape of Harry Hooligan from Sing Sing maximum security prison. The notorious thief was serving ten years for grand larceny after burglarizing 29 department stores last year.

Head warden, Ronald Riggle, described Hooligan as a quick-witted, no-holds-barred burglar who uses everything at

his disposal to pull off a job. Riggle said Hooligan is famous for using toy biplanes to foil security guards and is adept at switching floors without using elevators or escalators. Finally, he added that Hooligan was captain of the prison track team and voted 'Most Likely to Escape' in the prison yearbook.

THE REAL CULPRIT REVEALED?

One hour before sunrise, this publication received a photo and an anonymous letter claiming that the Southwick heist was planned, in its entirety, by someone named Garry Kitchen.

We rushed to gather his prior records from Police files, but found nothing. This is not the case, however, as we have already stressed on our already stress-prone police.

DON'T WALK— RUN!! Timer clocks cops —Will the pressure be too much???

Blarney, February 14—In an effort to improve employee performance, the Boston police department has begun a controversial merit system. Merits are now awarded on the basis of time: The less time a cop takes to bust a crook, the more merits he or she is awarded. The controversy centers around the fact that the officer will be replaced and reassigned if the timer is allowed to run out before an arrest has been made. Critics feel this puts unnecessary pressure on our already stress-prone police.

"This is ridiculous!" quipped a sergeant who asked not to be identified. "A major arrest takes time...ya got it? Time! T-H-M-E!! Merits, shmerits. What we need is a good union! That's

THRIFTY PLANNERS MAKE BIG BOO BOO. What goes up can't always come down.

In an effort to economize, the facility planners at Southwick's hired a new-born company to install its escalators. As the department store was getting ready for its grand opening, it was soon discovered that there was just one escalator on each floor—and it was UP ONLY!

"Well that's a fine how-do-you-do!" said Harry G. Willickers, Southwick's general manager. The company responsible for the installation was Binky Electronics. Deville Batts, a Binky electrician said, "I can show you the contract. That's just what they ordered: A system of escalators, one per floor! I don't understand the commotion. Why are they mad at us?"

The 'up-only' escalators are causing

And, with that, Officer Keystone Kelly bounded back into the Southwick index.

But where did it come from???

Suspicious equipment includes surveillance cameras, hidden monitors and something called a 'long range scanner'. As their investigation progressed, it was discovered that a patent for the system was issued in Europe, seven years ago. It was registered by Mae Tarantino, an Italian farmer responsible for solar hummingbird feeders and three books of poetry.

A man and a woman are seated at a table in a restaurant. The man, on the left, is wearing a dark jacket and looking towards the woman. The woman, on the right, is wearing a light-colored dress and looking back at him. They are both smiling. The table is set with plates, glasses, and a bottle. The background shows a restaurant interior with other tables and chairs.

The menu offers a 18 like wheat germ, rose hips, carrot juice, corn meal, soy pate, bean curd and alfalfa sprouts, a selection not too dissimilar from the Burpee Seed Catalog! Mr. Watanabe, however, insists that this type of eating will be commonplace one day. What's more, he'll soon be offering classes in "yoga and exotic exercises popular in India." What'll this be, sir? "I Was Right There!" Southwick Employee Tells All!!

Ms. Goode said she's never seen this much chaos in all of her years at Southwick's. "It's a good thing we're insured. It would've been a catastrophe if I'd forgotten to send that renewal check..." Fred Derkie, Southwick's insurance coordinator, was last seen at the Blaine airport, reportedly on his way to Brazil.
